Effective, Powerful Ingredients You can trust!

Vitamin B6 (as Pyridoxine Hydrochloride)

Vitamin B6 plays a key role in the metabolic process by boosting thyroid activity and aid in the metabolism of amino acids, starches, and fats. Vitamin B6 aids in blood glucose regulation by helping convert stored nutrients into energy the body can use. †

Vitamin B12 (as Methylcobalamin)

Vitamin B12 plays several roles in the body, including the creation of red blood cells and supporting the metabolism of calories. Having enough Vitamin B12 can increase energy, making it easier to increase activity and exercise. †

N-Acetyl-L-Tyrosine

The body uses tyrosine to produce several important hormones and neurotransmitters such as dopamine, epinephrine (adrenaline), norepinephrine, and thyroid hormones, making you more alert and focused. †

Capsimax® Cayenne Fruit Extract

Capsimax® is concentrated natural capsicum extract from red hot chili peppers. Capsimax® makes weight management easier by addressing three key areas—boosting metabolism, supporting lipolysis, and curbing appetite. †

Yohimbe Bark Extract

Yohimbe is used for athletic performance and weight management due to its ability to increase fat-burning without negatively impacting lean body mass. †

BioPerine® Black Pepper Fruit Extract

BioPerine® is a patented formulation using Black Pepper. BioPerine® enhances the absorption of all other ingredients to increase their bioavailability. †

Caffeine

(from VegiSURGE® Green Tea Leaf Extract and Coffee Bean Extract)

VegiSURGE® is natural caffeine from Green Tea (*Camellia sinensis*) and Green Coffee (*Coffea robusta*) acting as a potent central nervous system stimulant and increasing the release of adrenaline. As a result, caffeine acts as a thermogenic, providing more energy, increasing lipolysis, increasing mental alertness and focus, and longer muscle endurance. VegiSURGE® Natural Caffeine provides superior, clean energy without the crash. †

Forskohlii (as ForsLean®) Root Extract

Forskohlii Root helps build lean body mass, maintain healthy body composition, and aids in weight loss by helping create enzymes that free fatty acids from the body's cells. When the body burns fatty acids, it may reduce fat without affecting lean muscle mass. Several clinical investigations around the world have revealed the supportive role of the patented Forslean® (US Patent # 5,804,596) for fat reduction and maintaining lean body mass. †

Extensive Clinical Studies:

Manipal Study:

Fifty subjects (male and female) were randomized to receive 250 mg of ForsLean® or placebo capsules twice a day. A significant decrease in body weight and fat content and a significant increase in lean body mass ($p < 0.05$) was observed. †

University of Kansas Study:

Found a dose of 250 mg of ForsLean® twice daily, significantly increased lean body mass and decreased body fat in obese subjects by significantly decreasing fat mass compared with the placebo group. †

Mumbai Study:

Twenty-four obese subjects were evaluated for the effect of ForsLean® on lean body mass and weight loss. ForsLean® capsules were given twice daily for 3 months. ForsLean® demonstrated a significant increase in lean body mass with a corresponding reduction in body weight, BMI, and fat content. †

HIGH-PERFORMANCE ELECTROLYTES

(SODIUM, POTASSIUM, MAGNESIUM & CALCIUM)

Saba has enhanced the hydration game with high-performance electrolytes, sodium from hand-harvested Pink Himalayan sea salt, potassium, calcium and magnesium. Saba SlimGenix IQ is designed to help manage dehydration by quickly replenishing lost electrolytes. IQ also works by replacing fluid and electrolytes lost due to symptoms of dehydration.

BIOACTIVE COLLAGEN PEPTIDES:

We've included bioactive collagen peptides that can stimulate skin metabolism and counteract the loss of collagenous extracellular matrix from the inside. Consumers who ingest the Collagen Peptides experience noticeably firmer and smoother skin with fewer wrinkles. Experience healthier hair, skin and nails and significantly higher skin elasticity. With collagen peptides perform your best with improved joint support, and improved protection for your ligaments and tendons.†

GIVE YOUR IMMUNE SYSTEM THE BOOST IT NEEDS WITH OUR CUTTING-EDGE FORMULA:

Vitamins C, D, Zinc and Elderberry

Vitamin C, D, Zinc and Elderberry work together to strengthen your body's natural defenses.

Wellmune® is a patented and award-winning ingredient made from the cell walls of a proprietary strain of baker's yeast beta glucan to provide immune health benefits to arm and prime the immune system, and promote respiratory health for people of all ages. Wellmune® is widely studied in over a dozen published, peer-reviewed human clinical studies that demonstrate its ability to improve overall physical health, maintain healthy energy levels, and provide immune support for all ages and lifestyles including children, older adults, athletes, and individuals during times of stress.¹⁻¹⁷

FEEL THE BEET! WITH BEET ROOT POWDER CLINICALLY STUDIED FOR HEALTHY BLOOD CIRCULATION:

Beet Root Powder contains unique antioxidant polyphenol compounds that offer multiple clinically researched benefits including; helps lower blood pressure, increases brain blood flow¹⁹ and improves exercise endurance.²⁰

Lowers Blood Pressure: Beet powder is a naturally rich source of nitrates, which the body converts into nitric oxide, a compound that relaxes and widens blood vessels. A 2013 study published in the journal Hypertension found that drinking beetroot juice lowered systolic blood pressure (BP) in patients for 24 hours after consuming the juice.¹⁸
